BATTALION

XO - MAJOR CHUNN

The start of the year of the Wildcat Battalion has been quite the eventful one. 40 cadets from the previous year have returned to the program. We have also welcomed over 40 new LET 1s including new SAI Lieutenant Colonel Baker.

Inside the classroom, new LET 1s have begun learning the basics of the JROTC curriculum; senior LETs have continued the leadership learning journey. Outside the classroom, special teams are already gearing up for competition in October. Raiders and Drill are seeing healthy attendance and are having regular practice. In addition to this, Millbrook JROTC kicked off the year with a Family Day served as a gathering for cadets and their parents to get together and get a small taste of what JROTC does on a regular day basis. Following Family Day, the Battalion once again assisted in Festa Italiana in downtown Raleigh helping set up and tear on top of keeping the streets clean during the entirety event. Following September, the whole battalion is excited to see what is up on the horizon for us this year.

Cadets running the bleachers in honor of the firefighters who had to run up flights of stairs to save the lives of Americans during 9/11

ALPHA COMPANY

FIRST SERGEANT - FIRST SERGEANT RAMOS

Alpha Company has hit the ground running at the start of the school year. We have helped clean out the supply room and help reorganize. As majority of the company's cadet are LET 4s, they have led the charge in getting this done teaching the LET 1s how to lead by example.

BRAVO COMPANY

COMPANY COMMANDER - CAPTAIN VANDERMEER

I am glad that our cadets participated in such an early Family Day. Having only had such a short time for practicing we were able accomplish so much. Fiesta Italiana was a huge success for us. A good amount of bravo's cadets participated in the event including me. The LET 1's are steadily improving. I see huge potential in our cadets.

*Fiesta Italiana 9/24
Cadets gathered around to help the community during this event in
throwing out trash and helping set up*

*Family Day 9/10
Raiders building rope bridge in order to allow fellow cadets and
families to go across*

CHARLIE COMPANY

COMPANY COMMANDER- CAPTAIN PALAFOX

I'm very proud of our cadets in Charlie Company who have accomplished learning about ranks, military time and the phonetic alphabet. On Family Day we showed families how we do rope bridge in raiders and in competitions. Showing them the safety and how to get across from point A to point B.
